

TRABALHOS APROVADOS

Número	Eixo	Título do Trabalho
405	Dor	Soluble epoxy hydrolase inhibitor (TPPU) has a potential antinociceptive effect in the temporomandibular joint of rats.
408	Anestesia Pediátrica	Case report: The use of Ketamine to control Pediatric Neuropathic Pain
409	Medicina Perioperatória	Nasotracheal Intubation Using Videolaryngoscope in a Patient with Mouth Opening Smaller than 3 Centimeters
410	Anestesia Ambulatorial	Videolaryngoscope Nasotracheal Intubation in a Patient with Tongue Squamous Cell Carcinoma
412	Medicina Perioperatória	Anesthetic complications in a hospital of Baixada Santista: risk factors analysis
413	Dor	Opioid Consumption and Prescription in Brazil: A Systematic Review
415	Medicina Perioperatória	Difficult airway management in a patient with neurofibromatosis type 1
416	Medicina Perioperatória	Postoperative Pain Following Bariatric Surgery: Correlation Between Intensity and Clinical-Surgical Variables
417	Segurança do Paciente e Gestão da Prática	Subjective Method For Tracheal Tube Cuff Inflation: Performance Of Anesthesiology Residents And Staff Anesthesiologists
418	Medicina Perioperatória	Sugammadex By Ideal Body Weight Versus 20% And 40% Corrected Weight In Bariatric Surgery
419	Segurança do Paciente e Gestão da Prática	Pre-operative voice evaluation as a hypothetical predictor of difficult laryngoscopy
421	Medicina Perioperatória	Anesthetic management directed to long term pancreatectomies a case report

422	Anestesia Obstétrica	Pre eclampsia, sudden paraplegia and prolonged apnea - Case report
423	Anestesia Pediátrica	Child with Spinal Muscular Atrophy undergoing general anesthesia: case report
424	Medicina Perioperatória	Anesthesia for pieloplasty surgery in a patient with friedreich ataxia
425	Medicina Perioperatória	Anesthesia for mediastinal tumor resection in a patient with myasthenia gravis
426	Anestesia Ambulatorial	Fentanyl-induced chest wall rigidity: a case report
427	Anestesia Pediátrica	Description of the Anesthetic Act in a 2-year-old Pediatric Patient with Osteogenesis Imperfecta (OI): Case Report
428	Estudos Experimentais	Methadone in Laparoscopic Bariatric Surgery: Cohort Study on Immediate Postoperative Results
429	Anestesia Regional	Case Report: accidental migration of epidural catheter to subarachnoid space
431	Medicina Perioperatória	A double challenge for the anesthesiologist: anesthesia for excision of laryngocele in a patient with latex hypersensitivity. Case report.
432	Segurança do Paciente e Gestão da Prática	RABDOMIÓLISE INTRAOPERATÓRIA EM RETOSSIGMOIDECTOMIA POR VIDEOLAPAROSCOPIA: RELATO DE CASO
433	Segurança do Paciente e Gestão da Prática	Central venous line access training for medical students and physicians
439	Anestesia Pediátrica	Use of Ketamine and Dexmedetomidine for endoscopic procedures in children
